Funding for session with adults

Self-funded and Charitable places

We offer a **bursary scheme** for individuals who meet our criteria but may not have the means to contribute. Please contact us at emma@horseworks.org.uk in confidence to discuss options for free or partially funded spaces which can be topped up with our charitable funds.

We sometimes have grants which cover adult services so it's worth asking us what is available!

Local authority

Adult social services can spot purchase services from us.

If you are in receipt of direct payments, a personal health budget or section 117 payments you can use these to purchase our services.

Referrer

If you are referred by another charity, they may have funds which can contribute towards costs.
